Folks,

The San Jacinto draft human health risk assessment and remedial investigation reports have arrived. Please let me know your comments on the risk assessment by Friday, 1/4/13; and on the remedial investigation report by the following Friday, 1/11/13. Also, a conference call to discuss your major comments would help, so please let me know your availability for the conference calls (one for the risk assessment & one for the remedial investigation) on or near the due date for the comments. FYI, the final comments on these reports are due back to the Respondents before 1/24/13.

Thanks,

Gary Miller
